

What is the TEACH Grant?

The Teacher Education Assistance for College and Higher Education Grant (or TEACH Grant), was instituted on July 1, 2008 by the Department of Education (DOE), in conjunction with the College Cost Reduction and Access Act. The TEACH Grant is designed to encourage highly qualified teachers to serve low income schools in high-need subject areas.

Please note that there are several requirements which are necessary to qualify for the grant, as well as a number of requirements which must be fulfilled in order to keep the grant. Students who do not meet the requirements to keep the grant will have those funds converted to an unsubsidized loan with added interest. Once a loan, it cannot be converted back to a grant.

How much money is available?

Undergraduate students may receive up to \$4,000* per year for full-time enrollment for a total of \$16,000 over the course of an undergraduate program. Graduate students may receive up to \$4,000* per year for full-time enrollment for a total of \$8,000 over the course of a graduate program. TEACH Grant amounts must be pro-rated for students who are not enrolled full-time.

Half-time = \$2,000* per year and divided by the number of semesters enrolled.

The Financial Aid Office needs to confirm your intent to apply for the TEACH Grant for the 2018-2019 academic year. Please complete this form and submit it to our office to be considered for the TEACH Grant.

The TEACH Grant is a program designed to assist students entering or continuing a teaching career in a high-need subject area in a school that serves low-income students. PLEASE NOTE: If a student receives the TEACH Grant and does not meet all of the requirements deemed necessary by the Department of Education, **the TEACH Grant is converted into a DIRECT UNSUBSIDIZED LOAN with back-added interest from the date the TEACH Grant was first credited to your student account. Once the TEACH Grant is converted into a loan, it cannot be converted back to a grant. Due to these serious financial consequences, it is important that students only apply for the TEACH Grant if certain that all the conditions and obligations will be met.**
