

REQUIREMENTS TO KEEP THE TEACH GRANT:

VERY IMPORTANT: TEACH Grant recipients must fulfill all requirements set by the Department of Education (DOE) or the TEACH Grant will be converted into an interest-bearing Direct Unsubsidized Loan that will include interest charged from the date the TEACH Grant originally credited to your student account. Once the grant is converted into a loan, it can never be changed back into a grant. If at any point you decide that you do not want to fulfill the Agreement to Serve (ATS), you may contact the DOE and request the grant be converted into a loan.

- TEACH Grant recipients must be a full-time teacher for at least four years within eight calendar years of completing the TEACH-eligible academic program.
- TEACH Grant recipients must be deemed highly-qualified by the state in which they teach per the No Child Left Behind Act.
- TEACH Grant recipients must teach in a Designated Low-Income School: a public or private elementary or secondary school that (1) is in the school district of a local educational agency that is eligible for assistance under Title I of the Elementary and Secondary Education Act; and (2) has been determined by the DOE to be a school in which more than 30 percent of the school's total enrollment is made up of children who qualify for services provided under Title I of the Elementary and Secondary Education Act. Schools are listed in the DOE's "Annual Directory of Designated Low-Income Schools for Teacher Cancellation Benefits" on the DOE's web page.
- TEACH Grant recipients must teach in a High-Need Subject Area in the majority of classes taught. High-Need Subject Areas currently include: (1) Mathematics; (2) Science; (3) Reading Specialist; (4) Special Education; (5) Foreign Language; (6) Bilingual Education or English Language Acquisition (TESOL); (7) Other teacher shortage areas identified at the time the student begins the 4 years of service. Visit the DOE's "Annual Teacher Shortage Area Nationwide Listing" on the DOE's website.

NOTE: Most elementary teachers, unless teaching Special Education, English as a Second Language or serving as a Reading Specialist will likely not meet the full-time teaching requirement in the critical need field.

2025-2026 TEACH Grant Intent Form

TEACH Education Assistance for College and Higher Education (TEACH) Grant

The Financial Aid Office needs to confirm your intent to apply for the TEACH Grant for the 2025-26 academic year. Submit this form to our office to be considered for the TEACH Grant.

The TEACH Grant is a program designed to assist students entering or continuing a teaching career in a high-need subject area in a school that serves low-income students. Please visit our TEACH Grant website for a list of TEACH Grant eligible academic programs offered at Lesley University: <https://lesley.edu/sites/default/files/2023-07/TEACH-Grant-Eligible-Programs-07-19-2023.pdf>

If a student receives the TEACH Grant and does not meet all the requirements deemed necessary by the Department of Education, the TEACH Grant is CONVERTED into a Direct Unsubsidized Loan with back-added interest from the date the TEACH Grant was first credited to your student account. Once the TEACH Grant is converted into a loan, it cannot be converted back to a grant. Due to these serious financial consequences, it is important that students only apply for the TEACH Grant if certain that all the conditions and obligations will be met.

This documentation must show that the TEACH Grant recipient is a full-time, highly-qualified teacher at a designated low-income school, teaching a high-need subject area.
